

# GIS Maps

GIS is responsible for mapping the city using advanced, geographical data software. The software visually represents complex information in the form of shapes and symbols. Embedded in these shapes and symbols is information that can be viewed as maps, as well as extracted in the form of a word document or graphical chart. GIS is responsible for the mapping of ...

- Land use maps
- Water mains, lines and shutoff valves
- Wastewater mains, lines and Lift Stations
- Fire hydrants
- Drainage systems including retention ponds.
- Roads

The maps provided herein were developed and produced by the City for reference only and are not intended to show map-scale accuracy or all-inclusive map features. The accuracy of the map has not been verified and it should be used for informational purposes only.

**GIS MAP DISCLAIMER**

GIS data and maps are for general graphical representation only. While every effort has been made to ensure that these data are accurate and reliable within the limits of the current state of the art, the City cannot assume liability for any errors or omissions in the data. The City of Holly Hill cannot guarantee the accuracy of the information. The City makes no warranty, expressed or implied, nor does the fact of distribution constitute such a warranty. Each user is responsible for determining its suitability for his or her intended use or purpose. City departments will not necessarily approve applications based solely on GIS data. Applicants for city permits and licenses must inquire of the relevant city/town department for applicable requirements. The burden for determining accuracy, completeness, timeliness, merchantability and fitness for or the appropriateness for use rests solely on the user accessing this information. The user acknowledges and accepts all inherent limitations of the maps and data, including the fact that the maps and data are dynamic and in a constant state of maintenance, correction and revision. The maps and associated data at this website do not represent a survey. Plans and maps are produced for posting on the web and are not necessarily the most complete. No liability is assumed for the accuracy of the data delineated on any map, either expressed or implied.
